

PRECISION™  
Corneal Graft

PRECISION WHERE IT COUNTS.

- a service of the Alabama Eye Bank -

**In the world of corneal transplantation,  
one fact is certain:**

Endothelial Keratoplasty is becoming the choice of care for those suffering with endothelial cell failure. Precision Corneal Graft provides precise high quality partial thickness corneas for these surgeries.

PRECISION WHERE IT COUNTS.

## Transition to EK from PK

- The Eye Bank Association of America statistics show the number of endothelial keratoplasty cases in the United States has increased annually an average of 18% over the last several years and continues to gain in popularity.
- Endothelial Keratoplasty has increased to 30% of all corneal transplants.

## Better surgical intervention for endothelial diseases

- Extensive evaluation pre and post-cut via slit-lamp microscope, specular biomicroscopy, and OCT.
- Eliminate surgical mis-cuts resulting in monetary savings

## To better serve our surgeons, the Alabama Eye Bank has established Precision Corneal Graft™

- Renovated lab to include two surgical suites
- New microkeratome and OCT to provide high quality tissue for endothelial keratoplasty.
- On-line surgery scheduling

## Surgeon Advantages:

- Certified Eye Bank Technicians (CEBT) with over 60 years combined experience
- Extensive evaluation via slit-lamp microscope, specular biomicroscopy
- Pre and post-cut OCT imaging with pachymetry
- Ability to provide various graft thickness

## Surgery Scheduling Information

- On-line surgery scheduling is available at [www.alabamaeyebank.org](http://www.alabamaeyebank.org). Please select the pre-cut option.
- Notify Alabama Eye Bank Ocular Distribution – **205.313.8328**
